SUMMARY

A proficient data professional with over 4 years of hands-on experience in the field, equipped with hands-on experience utilizing Python, R and SQL for comprehensive data analysis, data visualization and process optimization. Eager to leverage my expertise to contribute meaningfully to data-driven initiatives in any organization. Committed to applying these skills to extract valuable insights and data-driven decision making.

WORK EXPERIENCE

PT. WEB SCIENTIA (Digital Place Vision Ltd)
Senior Business Analyst (Sep 2025 – *Present*)

- Developed analytical reports for internal users and enterprise clients to support operational and strategic decisions.
- Analyzed Days Sales Inventory (DSI) and Out-of-Stock (OOS) metrics to identify supply chain risks and improvement opportunities.
- Prepared executive-level presentations and insights for the COO and Clients.
- Designed and implemented end-to-end data pipelines to support reporting and analysis.
- Built and maintained analytics dashboards using Tableau for users and clients.
- Integrating the business rules and logic in the system based on the client request.
- Partnered with product, engineering, and operations teams to translate business needs into analytical solutions.
- Acted as a bridge between business stakeholders and engineering by defining, validating, and implementing business rules within the system.

PT. KALDU SARI NABATI (NABATI GROUP)
PMO & Data Analyst *(Aug 2024 – Sep 2025)*

- Lead a team of three, including two data analysts and one project staff member.
- Prepare scrum project data and presentations for the Logistic Head.
- Work closely with stakeholders and help create reports and dashboards.
- Perform extract, transform, and load (ETL) processes for Microsoft Power BI data.
- Create and maintain analytics dashboards for the PPIC & Logistic Department using Power BI.
- Manage a project to increase cubication loaded for export shipments by implementing One Point Lessons (OPL), targeting up to a 10% improvement.

PT. SAYUR UNTUK SEMUA (SEGARI.ID)
Warehouse Data Analyst *(Sep 2023 – Aug 2024)*

- Analyzed and reported weekly on processing center production, sales, and wastage.
- Analyzed and reported daily on processing center blue-collar wages.
- Created and maintained processing center data achievement metrics dashboards using Google Sheets and Google Looker Studio.
- Created and maintained blue-collar wages trackers across 7 division categories.
- Created dashboards for production, sales, and wastage using Google Looker Studio.
- Reported weekly on team leaders' performance to stakeholders.
- Prepared and presented meeting data to both low- and high-level management.
- Set up manpower budgets for all division categories.
- Worked closely with stakeholders and helped create reports, dashboards, and monitoring tools using Google tools.

PT. AKUR PRATAMA (YOGYA GROUP)
Supply Chain Analyst *(Nov 2021 – May 2023)*

- Analyzed and reported on store availability and inventory.
- Analyzed and reported on supplier service levels.
- Built dashboards for the store inventory management project.
- Built and maintained dashboards for tracking empties (container) movement.
- Created dashboards for data cleaning using R programming language.
- Developed scripts in R to set reorder points and order quantities for 900,000 unique store SKUs.
- Created standard operating procedures and work instructions for outbound supply chain processes.
- Acted as Project Manager for the Store Inventory Management Project.

PROJECT EXPERIENCE

Modernizing Production Planning
Modernize production planning by implementing key performance indicators (KPIs) and utilizing data visualization techniques to enhance efficiency and decision-making in manufacturing operations.

EDUCATION

Purwadhika Digital Technology School (2023)
Data Science & Machine Learning, **84.42 / 100**

Maranatha Christian University (2021)
Bachelor of Information Technology, Informatics Engineering, **3.69 / 4**

Maranatha Christian University (2020)
Magister Management, Corporate Finance and Business Risk, **3.94 / 4**

Maranatha Christian University (2016)
Bachelor of Economics, Finance, **3.62 / 4**

LICENSES & CERTIFICATION

- Google Advanced Data Analytics Professional Certificate
- Google Business Intelligence
- Google Data Analytics Professional Certificate
- Introduction to Data Analytics on Google Cloud
- ETL Processing on Google Cloud Using Dataflow and Bigquery
- Google Sheets
- Google Sheets – Advanced Topics
- Supply Chain Management and Analytics

SKILLS

- **Database & Query** (MySQL**,** SQL Server, Postgresql, Bigquery)
- **Data Visualization** (Google Looker Studio, Microsoft Power BI, R Shiny, Metabase)
- **Google Cloud Platform** (Google Cloud Functions, Bigquery, Looker Studio, Scheduler)
- **Google Workspace** (Google Sheets, Google Docs, Google Slides, etc)
- **Machine Learning** (Supervised**,** Unsupervised**,** Time Series Forecasting)
- **Microsoft Office** (Microsoft Excel, Microsoft Word, Microsoft Powerpoint, etc)
- **Programming Skills** (Python, R)
- **Statistical Data Analysis**
- **Version Control System** (Git, Github)
